

## **Supplementary statement to City of London Health and Wellbeing Board's Pharmaceutical Needs Assessment**

Date Pharmaceutical Needs Assessment published – April 2018

Date Supplementary Statement issued – April 2020

The Regulations state that Supplementary Statements can provide updates to the Pharmaceutical Needs Assessment only in relation to changes in the availability of pharmaceutical services. Supplementary Statements cannot provide updates on pharmaceutical need. This can only be achieved through a review of the Pharmaceutical Needs Assessment. The following pharmaceutical services currently contained within the Pharmaceutical Needs Assessment have been identified as needing updating. This updated information supersedes some of the original information within the PNA and should be read in conjunction with that document.

### **Consolidation of pharmacies:**

The application by Boots UK Ltd to consolidate onto the site at 200 Bishopsgate, London, EC2M 4NR has been granted. The Boots UK Ltd site at 59-60 Houndsditch, London, EC3A 7BE will close as a result of the consolidation.

City of London HWB determine that the granting of the consolidation does not create a gap in pharmaceutical services that could be met by a routine application (a) to meet a current need or future need for pharmaceutical services, or (b) to secure improvements, or better access to, pharmaceutical services.

Supplementary Statement prepared by Soar Beyond Ltd and issued by Alexander Miller, Public Health Intelligence Team Leader.

Information correct as of the 20 March 2020.
